

## LEXIP GAMING – CLEANING WET WIPES

### SECTION 1: Product and Company Identification

#### Product Identification

Product name: LEXIP GAMING – Cleaning wet wipes

Specifications: 5x5cm

Colour: White

Final Product Item Number: JVAPCM00434

Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: Consumer Uses [SU21], Cleaning Products [PC35]: Use for cleaning washable surfaces.

Restricted uses: Consumer Uses [SU21], Cleaning Products [PC35]: Do not use on liquid crystal displays, plasma screens, rough wood, carpet, wallpaper and textiles.

Reasons for unspecified uses: not available

#### Information on the supplier of the Safety Data Sheet

E-CONCEPT S.A.S.  
120 Rue Sébastien Charléty  
73490 LA RAVOIRE  
LA FRANCE  
Tel.: 04 79 25 83 18  
Fax: 04 79 62 77 89  
Mail: [contact@ecdistribution.com](mailto:contact@ecdistribution.com)

Emergency telephone number:

N°ORFILA INRS: +33 (0)1 45 42 59 59 (24h/24, 7j/7)

### SECTION 2: Hazards identification

#### Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 [CLP]: This preparation is not classified as hazardous (Classification exemption see EC Regulation No. 1272/2008, Annex 1 Part 2, point 2.6.4.5.).

Classification according to EC Directive 1999/45 / EC: This preparation is not classified as hazardous.

Additional Information: For full text of R-phrases and hazard statements, see SECTION 16.

# MATERIAL SAFETY DATA SHEET

In Accordance to the (EC) Regulation n° 453/2010

Labelling elements

Labelling in accordance with Regulation (EC) No 1272/2008 [CLP]:

Danger pictogram: none

Signal word: none

Hazard statements: none

Precautionary statements: Keep out of reach of children. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Rinse hands after use.

Additional hazard information (EU): None

## Other dangers

The mixture does not contain Substances of Very High Concern (SVHC) published by the European Chemicals Agency (ECHA) according to Article 57 of REACH: <http://echa.europa.eu/en/candidatelist-table>

The mixture does not meet the criteria for PBT or vPvB mixtures according to Annex XIII of REACH Regulation (EC) No 1907/2006.

## SECTION 3: Composition / information on ingredients

### Substances

None

### Mixtures

Description of the mixture: Preparation (impregnation lotion)

Components:

CAS #	EC/List #	Index #	REACH registration #	% [Weight]	Name	Classification in accordance to the Directive 67/548/EC	Classification in accordance to the Regulation (EC) n° 1272/2008 (CLP)
67-63-0	200-661-7	603-117-00-0		3.5	Isopropyl alcohol, 2-Propanol, Isopropanol	R11, R36, R67	Flam. Liq. 2, H225, H319, H336
				1.5	Water		
				95	Polyester		

## SECTION 4: First Aid Measures

### First Aid Measures description

Notes: In general, if in doubt or if symptoms persist, always call a doctor. Never give anything to an unconscious person.

After inhalation: Remove the victim from exposure. Keep patient at rest and give oxygen if breathing is difficult. If symptoms persist or develop, obtain medical attention.

After skin contact: Immediately wash skin thoroughly with soap and water. In case of burn from hot material, immediately cool the affected skin with cold water for as long as possible. If necessary, obtain medical attention and skin test to be done.

## MATERIAL SAFETY DATA SHEET

In Accordance to the (EC) Regulation n° 453/2010

After eye contact: Remove particles by irrigating immediately with eyewash solution or clean fresh water for 15 minutes holding eyelids apart. If there is pain, redness or visual discomfort, consult an ophthalmologist.

After ingestion: Unlikely to be hazardous if swallowed. Provided the victim is conscious, wash out mouth with clear water and give 200-300mL of water to drink. Do not induce vomiting. If symptoms persist or develop, obtain medical attention.

Self-protection of the person providing first aid: No special protection

Most important symptoms and effects, both acute and delayed

No data available.

Indication of any immediate medical attention and special treatment needed

No data available.

### SECTION 5: Firefighting measures

#### Extinguishing media

Suitable extinguishing media: As appropriate for surrounding fire. Extinguish preferably with foam, carbon dioxide or dry chemical.

Unsuitable extinguishing media: Do not use jet or water spray.

#### Special hazards arising from the product

Hazardous combustion products: A fire will often produce a thick black smoke. Exposure to decomposition products may be hazardous to health. Do not inhale the smoke.

In case of fire, toxic and irritating vapours, carbon monoxide (CO) and carbon dioxide (CO<sub>2</sub>) may be formed.

#### Advice for firefighters

A self-contained breathing apparatus and suitable protective clothing should be worn in fire conditions.

### SECTION 6: Accidental release measures

Concerns the impregnation lotion:

#### Personal precautions, protective equipment and emergency procedures

For non-emergency personnel: Refer to protective measures listed in sections 7 and 8.

For emergency responders: The responders will be equipped with appropriate personal protection equipment (Refer to section 8).

Dust clouds are sensitive to ignition by electrostatic discharge.

# MATERIAL SAFETY DATA SHEET

In Accordance to the (EC) Regulation n° 453/2010

## Environmental precautions

Contain and collect spillages with non-combustible absorbent materials, e.g.: sand, earth, vermiculite, diatomaceous earth in drums for waste disposal.

Prevent entry into sewers or drains or watercourses.

For small quantities (up to 1 litre), absorb spilled material with inert material (sand, earth, cloth).

For medium quantities (up to 5 litres), absorb spilled material with inert material (sand, earth). Prevent local services from the nature of the product to proceed with its disposal with their agreement.

For large quantities proceed to the disposal of the product by an approved Centre.

## Methods and materials for containment and cleaning

For containment: No data available.

For cleaning: Clean with water to remove all traces of product remaining on the floor.

Other information: No data available.

## Reference to other sections

For exposure control and personal protection measures, see section 8. For disposal considerations, see section 13.

## SECTION 7: Handling and storage

### Precautions for safe handling

Control the formation of dust.

Do not eat, drink or smoke at the workplace. It is best to wash your hands after use, especially before eating, drinking or smoking.

Avoid contact with eyes, wounds and do not put in mouth. It is recommended to use gloves in case of sensitivity of the skin. Do not throw in the toilet.

Do not put in contact with food.

Do not use with other cleaning products

### Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions: Do not store in heat. Store the product away from sunlight, flames and other sources of ignition. Store at room temperature.

Packaging materials: Store in its original packaging.

Requirements for storage rooms or tanks: Store in a dry, cool, frost-free place.

Further information on storage conditions: Keep out of the reach of children.

### Specific end use(s)

Recommendations: None

Industry-specific solutions: None

## SECTION 8: Exposure controls / personal protection

### Control settings

Exposure limit values of the components of the impregnating lotion: No data available.

### Exposure controls

For handling the components used in the impregnating lotion: Ensure good ventilation of the premises. Follow the principles of good work hygiene to avoid personal exposure.

Environmental exposure controls: Avoid direct discharge to sewer, surface water and groundwater, do not allow soil to enter ground.

No protection needed for the use of the cleaning wipes as such.

## SECTION 9: Physical and chemical properties

### Information on essential physical and chemical properties

Characteristics of the impregnating lotion:

Appearance: liquid

Odour: odourless

Odour threshold: not determined

Melting point / freezing point: 140-170 (284-338 ° F) / not determined

Initial boiling point and boiling range: not determined

Flash point: not determined

Evaporation rate: not determined

Flammability (solid, gas): not determined

Upper / lower flammability or explosive limits: not determined

Vapor pressure: not determined

Vapor density: not determined

Relative density: 0.85-0.95

Solubility(ies): miscible with water in any proportion

Partitioning coefficient n-octanol / water: not determined

Auto-ignition temperature: not determined

Decomposition temperature:> 300 (572 ° F)

Viscosity: not determined

Explosive properties: not determined

Oxidising properties: Negative to the maintained combustion test

Other information

Wipes colour: white

## MATERIAL SAFETY DATA SHEET

In Accordance to the (EC) Regulation n° 453/2010

### SECTION 10: Stability and responsiveness

#### Reactivity

No particular reactivity is to be expected under normal conditions of use and storage

#### Chemical stability

The product is stable under normal and foreseeable conditions of use and storage.

#### Possibility of hazardous reactions

None known in the current state of our knowledge.

#### Conditions to avoid

Observe the precautions for use indicated on the container. Avoid any direct contact with flames.

#### Incompatible materials

None known in the current state of our knowledge.

#### Hazardous decomposition products

Thermal decomposition can release/form: carbon monoxide (CO), carbon dioxide (CO<sub>2</sub>) and pungent smoke.

### SECTION 11: Toxicological information

#### Information on toxicological effects

No data available.

### SECTION 12: Ecological Information

#### Toxicity

Soluble in water. Fleet on the water.

#### Persistence and degradability

The product is not biodegradable. We strive to reduce, reuse, recycle waste, save energy and other resources.

#### Potential for bioaccumulation

This information is not available.

#### Mobility in the soil

This information is not available.

#### Results of PBT and vPvB assessment

This information is not available.

#### Other adverse effects

No data is available.

**SECTION 13: Disposal considerations**

Waste treatment methods

Do not pour into drains or streams.

Garbage disposal of used wipes.

Apply local rules for the selective disposal of waste for recycling, using containers reserved for the packaging concerned.

**SECTION 14: Transport information**

UN number

Not applicable

UN proper shipping name

Not applicable

Class(es) of danger for transport

Marine Transportation Regulations (IMDG): not applicable

Road Transport Regulation (ADR): not applicable

Rail Transport Regulation (RID): not applicable

Air transport regulations (ICAO / IATA): not applicable

Packing group

Not applicable

Environmental hazards

Not applicable

Special precautions to be taken by the user

Not applicable

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

## MATERIAL SAFETY DATA SHEET

In Accordance to the (EC) Regulation n° 453/2010

### SECTION 15: Regulatory information

Safety, health and environmental regulations / legislation specific for the substance or mixture

Not classified as dangerous.

Chemical safety assessment

No chemical safety assessment has been performed by the supplier for the substance or mixture.

### SECTION 16: Other information

Additional Information:

This sheet supplements the technical instructions for use but does not replace them. The information contained herein is based on the state of our knowledge of the product concerned as of the date indicated. They are given in good faith. Users' attention is also drawn to the possible risks incurred when a product is used for purposes other than those for which it is designed.

It does not exempt the user from knowing and applying all the texts regulating his activity. He will take under his sole responsibility the precautions related to the use he makes of the product.

All the regulatory requirements mentioned are simply intended to help the recipient fulfil the obligations incumbent on him when using the dangerous product.

This list should not be considered exhaustive and does not absolve the addressee from making sure that other obligations are not incumbent on him by reason of texts other than those mentioned concerning the holding and the handling of the product for which he is only responsible.
